

## Visva-Bharati Computer Centre

### IMPORTANT INFORMATION REGARDING NSDL-NAD REGISTRATION

It has been brought to our notice that a fake message has been circulating on social media stating that students should mandatorily register on NAD website by 28 February 2019 to get admit cards for the upcoming semester examination.

Students may avail the desktops at Computer Centre to register on the NAD website. If a student enters incorrect data while registering on the NAD website he/she will have to register once again.

Students wishing to make corrections post verification by the University will need to send an email to [nad@nsdl.co.in](mailto:nad@nsdl.co.in) with the correct information. Necessary changes will be made at the backend by NSDL.
