

VISVA-BHARATI  
SANTINIKETAN

**NOTICE**

It takes great pain to notify all concerned that since September 2, 2019, many non-teaching staff of Visva-Bharati, under the aegis of the Karmi Sabha, have resorted to flash pen-down strike and every day after signing their attendance they are squatting in front of the main entrance to the Central Administrative Building of the University, thereby causing hindrance to the free ingress and egress of willing employees and personnel into and from the Administrative Building.

The staff who have gone on flash pen down strike in a concerted manner since 2nd September are also staging demonstration by putting up a scaffolding at the entrance of the Administrative Building and they are shouting slogans, hurling abuses at the University authority by using microphones and loud speakers.

Again, at the close of the working hours, the said staff are putting their signatures on the Attendance Registers and thereafter leaving the premises. The situation is wholly unwarranted and an almost deadlock created to the administrative work is jeopardising the interest of the students, more than anything else.

The University authority has time and again requested the demonstrators and the striking staff to restore normalcy, because if there be any dispute or difference, the same may be mutually discussed and creases be ironed out through the process of negotiation. The situation at hand does not warrant any measure that would jeopardise the students' interest and functioning of the University. However, such repeated requests have not been adhered to and the stalemate still continues.

In such circumstances, it is painfully informed to all concerned that since many of the non-teaching staff of the University, under the aegis of the Karmi-Sabha, have concertedly gone on pen-down strike and they are not performing any service to the University, they may not be entitled to any remuneration for such period of strike.

Request is however, once again made, so that the striking and demonstrating non-teaching staff come to reason and they resume their duties immediately on restoration of a congenial and peaceful working atmosphere.
