Objective

This seminar is aimed at mathematicians working in algebra which have close connections to semigroups and semirings. The objective is to bring together the experts as well as young researchers working in these areas for an exchange of ideas. Also our aim is to provide graduate students and young researchers exposure to the cutting edge developments in this field. In recent times, theory of semigroups and semirings has grown into a major area of Mathematics with applications in a wide variety of fields: Computer Science, Coding Theory, Optimization, Geometry, Mathematical Physics etc.

Our main concern is to inspire all the algebraists, especially of Eastern India, for the collaborative research work in Algebra. The academic program of the conference will consist of plenary talks, invited talks and paper poster presentations. The conference enables algebraists to promote their thoughts and research ideas through various plenary and invited talks. Paper presentation will provide an opportunity to the young researchers interact with each other and to exchange their innovative ideas in Algebra.

About the University

The University is located at Santiniketan, founded by Rabindranath Tagore in 1921. The University is divided into Institutes, Centres, Schools, Bahbanas and Schools. Besides basic educations, it carries its traditions with its glorious cultural heritage as well as art and dance education inspired by Rabindranath Tagore.

About the Department

Besides UG programmes, the department of Mathematics is offering PG programme in both pure and applied Mathematics. The Department has a good famoucity in producing excellent results in research. The University Grant Commission (UGC) sponsores the Department with Special Assistance Programme(SAP) (Phase-II) for last two decades. The department enriches itself with various academic programme under FIST Programmefunded from The Dapartment of Science and Technology (DST), Government of India. Also The National Board for Higher Mathematics (NBHM) extendsfinancial assistance the Department.
