

## To Whom It May Concern

We have appreciated the various changes and reforms that have been introduced in Visva-Bharati over the last two-three years. These changes are vital to reviving and restoring Visva-Bharati and Santiniketan to their former glory and eminence.

Congratulations to all those who have co-operated with and participated in the reform process.

It is hoped that the reform process will continue apace, and the dynamism that has been generated will not be lost. We very much hope that all students and teachers will resume their regular activities in full measure, in a peaceful and academically conducive manner.
