

CENTRE FOR MATHEMATICS EDUCATION, VISVA-BHARATI

HISTORY OF THE DEPARTMENT

The Centre for Mathematics Education is the only centre under Siksha-Bhavana (Institute of Science) engaged in understanding the present scenario of mathematics teaching and related problems. It organizes several lectures for students and also engaged with regular Ph. D. program. Currently, no permanent faculty member attached with this centre but faculty members of mathematics along with the Prof-in-Charge, CME are engaged in different areas of research in mathematics education. Since its inception the centre has produced few PhD in the field of Mathematics Education. The centre wants to set up a data base centre where extension programmes will be conducted on different schools and colleges to develop mathematics education in our country
