The return of security money : after calculating the expenses (payment of Rs. 10 lakh to the West Bengal State Pollution Control Board and also to take care of the costs relating to the NGT cases), it has been resolved in consultation with Santiniketan Trust to pay another 30% of the security money that has been kept on hold. This is also to underline that there were six individuals (a former councillor, his son and his wife and another three individuals) who, through their respective individual bank accounts, booked a total of 64 stalls among them. This was a violation of the rules, according to which a single bank account is permitted to book only one stall: this was on the basis of our “one-account-one-stall” policy.
