

A.K.Dasgupta Centre for Planning and Development

Visva-Bharati

28th Ten-Day National Level Methodology Course

[Online]

On

**Planning, Designing & Development of Massive
Open Online Courses (MOOCs) on Digital
Platforms**

Date: 28th November to 7th December, 2022

The Centre invites applications from faculty member of colleges and universities, research scholars and training professionals who wish to deepen their understanding on this subject.

Massive Open Online Courses (MOOCs) are becoming very popular throughout the world in because of its easy participation and open access to quality education. MOOCs in India with their cost effectiveness and accessibility help the education to reach a large section of students'

community. MOOCs are expanding the opportunities of education and broadening the access to education at all levels. The knowledge of modern techniques applied to teaching, research, extension and services are very essential for bringing quality in the performance and this course aims to give a comprehensive insight on those and enable researchers , academicians and practitioners to apply those techniques rightly.

This ten day methodology course is aimed to highlight the development of courses, e-content etc. The methodology course will help faculties on various aspects like how a lecture could be restructured into short, self-contained segments, how to create lectures which can engage students more effectively. This course will address various issues relating to planning, developing, delivering and managing online courses in the context of higher education institutions.

This course would be of particular benefit to:

- Faculties & Teachers
- Consultant engaged in Higher Education Institute. [HEI]
- Higher education Administrators
- Industry training professionals
- Extension specialists in agriculture, public health and rural development practitioners of lifelong learning ,
- Researchers Developers and other Stakeholders involved in MOOCs pedagogy.
