Notice

Subject: Urgent Notification regarding Admission to Ph.D Program 2023-24 in Visva_Bharati

In view of the larger interest of the students, Visva-Bharati has decided to cancel all earlier PhD notifications published in the university Prospectus 2023-24 and University Website.

This is to strictly comply with the UGC regulations (Minimum Standard and Procedure for Admission to PhD) 2022 published as gazette notification on 7th November 2022.

Fresh advertisement regarding the same will be published shortly by the Visva-Bharati.

Candidates who have already applied in accordance with the earlier notification against the prospectus 2023-24 need NOT apply again. However, they will be given an opportunity to upgrade their academic credentials.

In order to strictly comply with the new PhD Regulation of 2022, there may be a situation that some departments will have to reduce their vacancy/specialization. In such unforeseen cases, the candidates may withdraw their application by prior intimation to the Admission Coordination Cell, Visva-Bharati via an email at visvabharati.acc.@visva-bharati.ac.in.

In an extreme situation, if the vacancy of any department becomes nil or zero, the University will refund application fees of those candidates already applied and the entire amount will be credited to their account on intimation.

Visva-Bharati reserves the rights for admission to all programmes of the University and the decision of the statutory body stands final in this regard.
