Re: Our sincere gratitude to Visva Bharati

Dear Respected Prof. Sri Bidyut Chakrabarty

We would like to express how much we have appreciated and been delighted with the way you and your entire team conducted the transition of our Pathersesh house with Visva Bharati. Everything happened with great speed and integrity. We are all relieved and satisfied that this property will be in good hands and be put to proper use within the Visva Bharati educational structure. My entire family expresses our delight.

It would be wrong if I do not mention my observations during the last few years on Visva Bharati. I have been so impressed with how you and the help of your management team have been able to come out from some difficult times and have tried to make the campus much more Ashram like and back to the original vision of this special place. We are confident that with the help of your brilliant team you will be able to control whatever challenges arise in the future. We look forward to seeing your continued leadership revive Visva Bharati.

We would like to express our gratitude to all the members of your management team. They are all very kind and professional. We wish them all well. Our sincere good wishes would be with them for the rest of our lives.

We have no words to fully express our feelings to you and your wife. We wished that we had more time to know you better. We wish you and your family our warmest appreciations and wish you all well.

Yours Sincerely

Dr Arabinda Mukherjee and Mrs Nita Mukherjee
