Requirement of a junior research fellow in experimental nuclear physics

Applications are invited from Indian nationals for a JRF position in a SERB, Department of Science and Technology, New Delhi sponsored research project titled "Lifetime measurements of excited states in ^{66}Zn and ^{66}Ga using Doppler-shift attenuation method" under the supervision of Dr. Buddhadev Mukherjee Department of Physics, Visva-Bharati, Santiniketan-731235. The candidate must be CSIR-UGC NET / GATE qualified, MSc in physics with 65% minimum marks and specialization in nuclear physics. The upper limit of age is 28 years at the time of application. The fellowship amount is INR 31,000/- per month with admissible other allowances. The tenure of the project is three years, while the post is purely temporary and co-terminus with the duration of the project. The application with resume must reach the principal investigator of the project within 7 days from the date of publication of this advertisement.
