BioSCon, 23

Dear Sir/Madam,

Society for Biotic and Environmental Research (SBER), is glad to announce that Biotic Science Congress, 2023 (BioSCon, 23) is to be held at Visva Bharati, West Bengal, India with generous support and cooperation from Department of Agricultural Entomology, Visva Bharati, West Bengal and BIOTICA Publications.

BioSCon, 23 provides a unique platform for academia, researchers, industries and professionals to discuss and share their knowledge in the field of Agriculture and allied Sciences. This conference will cover the new research techniques and concentrate on the following themes related to Agriculture, Horticulture, Forestry, Ag. Engineering, Biotechnology, ITK, Economics, Extension, Fisheries, Animal Sciences, Dairy Technology, Hydroponics, Silviculture, Sericulture, Alternative agriculture, Home Science and all other allied sectors including Life Sciences.

As the premier event, we have developed a program with your interests in mind. We have not only increased the number of opportunities for you to network with colleagues from across the world but also introduced more focused sessions that will feature cutting edge presentations, special panel discussions, and livelier interaction with industry leaders and experts.

So, attend the BioSCon, 23 to network with your peers, exchange expertise and experiences, and arm yourself with the latest information to take your expertise to the next level.

We look forward to personally welcome you at Visva Bharati, Santiniketan, India.

Regards,
Organizing Secretary
BioSCon, 23

About SBER

The Society for Biotic and Environmental Research (SBER) came into existence on 2018 in Tripura under Act XXI of 1860 (Regd. No. 8067 of 2019/ NITI Aayog ID No. TR/2019/0229149) in Tripura as a Non-profit scientific and educational society of likeminded academicians, researchers, scientists from all over the nation for the increased furtherance and diffusion on knowledge of Life Sciences in general and Environment Science in particular. The main objective of the society is to make attempt for the development and extension of scientific research related to Life Sciences including Agriculture and allied branches and implementation of these research outcomes in the upliftment of scientific and farming community. Its major aims and objectives include promotion and dissemination of innovative research outcomes among young minds and researchers, setting up regional and state Chapters, to hold national/international level conferences, symposium, seminars, training, brainstorming sessions and meetings.

In association with BIOTICA publications one of the leading publishers of India, SBER is publishing three peer reviewed international journals i.e. Research Biotica, Biotica Research Today and Plant Health Archives. Other than various social work, training, awareness program, SBER is also organizing Biotic Science Congress (BioSCon) annually where Scientists, Researchers, Professors, Students, Entrepreneurs in farming business and Policy makers are getting chance to share recent advancement in scientific research and bringing out some truly innovative ideas that are helpful to the scientific community as well as farmers to strengthen the farm production.

1st BioSCon, 20 was organized at Salem, Tamil Nadu on 27-28th July, 2019 with the kind support of RSRS-Salem and CSR&TI, Mysuru, Ministry of Textiles, Government of India and 2nd BioSCon, 22 was organized at Nowgong College, Assam on 8-9th August, 2022 where about 250 eminent scientists, research scholars, extension personnel attended the congress from across the country.

About Visva-Bharati

Founded by the first non-European Nobel Laureate Rabindranath Thakur (popularly known as Tagore) in 1921, Visva-Bharati was declared to be a central university and an institution of national importance by an Act of Parliament in 1951. The President of India is the Paridarsaka (Visitor) of the University, the Governor of West Bengal is the Pradhana (Rector), and the Prime Minister of India acts as the Acharya (Chancellor). The President of India appoints the Upacharya (Vice-chancellor) of the University. According to Gurudev Rabindranath Tagore "Visva-Bharati represents India where she has her wealth of mind which is for all. Visva-Bharati acknowledges India's obligation to offer to others the hospitality of her best culture and India's right to accept from others their best"

Thematic Areas

- A. Biotic Stress Management- Challenges and Opportunities
- B. Abiotic Stress Management- Challenges and Opportunities
- C. Weed Problems and Management Challenge
- D. Input Management and Plant Health Issues
- E. Breeding Approaches for Improving Plant Health
- F. Post-Harvest Management, Value Addition and Innovative Production System for Sustainable Development
- G. Environmental and Livelihood Security, Natural Resources Management and their Conservation
- H. Socio-economic Factors and Extension and Support Services

TARGET PARTICIPANTS

Scientists, Researchers from across the country, Entrepreneurs in farming business, policy makers, students and farmers will be participating in the conference. The conference will also provide opportunities for the agri-input sector including seed companies, manufacturers of fertilizers, agro-chemicals, pharmaceuticals, farm, laboratory and dairy feed industries, insurance companies and agriculture related service providers to showcase their products and interact with their potential customers for both generating business and promoting innovation.
