Last Date to Apply-16th Nov 2025

Concept Notes: Objectives

Visva-Bharati has played a special role for over a hundred years in promoting the proper understanding and practice of the ideas of Rabindranath Tagore and Visva-Bharati.

Visva Bharati has been committed to the unification of Indian culture from the beginning and now it is recognised as a UNESCO World Heritage Site.

There is one Foundation course in Visva Bharati as 'Tagore Studies' - which gives us an idea of the works of Gurudev Rabindranath and Visva-Bharati at the Undergraduate level.

This Foundation Course is organised for all because we believe it's our duty to protect, implement and expand Tagore's philosophy, visions and creative works properly by sharing knowledge and to inspire generations to know the art of living with the best practices.

This initiative has been taken with the aim of encouraging people to gain more knowledge about unknown facts and achievements of Rabindranath and to live a vibrant life in parallel with the upliftment.

We hope this course, offered by the Rabindra Sangit Gabeshana Kendra, Sangit Bhavana, will enrich everyone associated with Visva-Bharati, including Students, Scholars, Faculties, staff and others.

Area:

- (i) The Life and Works of Gurudev Rabindranath
 - (ii) The Holistic Educational Thoughts of Gurudev.
 - (iii) Maintain the Tagorean and Indian Traditions.
 - iv) Awareness about UNESCO World Heritage sites and our responsibilities.
 - (v) Brief ideas with references of our Cultural practices and relations, bonding, friendship,
 - (vi) To train them at least to sing the 'Ashram Sangit'
