The positive strength of the Students is the real source of vital energy for every Nation. India, as the largest democracy in the world, has this source in abundance which can be realized in every arena of social sector. The youth population in India forms a major part of Demography and therefore plays tremendous role to influence the Democracy. Recent Parliamentary election is a burning example of the utilization of democratic rights. In such a vast country, the Democracy is malnourished without education and undoubtedly education provides blood to flourish the body and soul of Democracy through awareness of rights and duties. The awareness of Human Rights among the masses in general and students in particular, is the prime need of the day to steer the Democracy, lest it should deviate from the path of '*for the people, by the people of the people*'.

Keeping in view the above backdrop, Department of Education, Vinaya Bhavana, Visva-Bharati, Santiniketan is going to organize a **'One Day Training Programme on Human Rights'** with the following objectives-
