This may please be noted, subscription to new journals will be considered only if fund is available after ordering the existing subscriptions/journals.
2. **Existing subscription:** If you wish to discontinue to subscribe any journals [Vide Current Journals-2021 (Print+ Online) [http://visva-bharati-library.in/images/pdf/Current\\_Journals-2021.pdf](http://visva-bharati-library.in/images/pdf/Current_Journals-2021.pdf)] do inform accordingly.
3. **In case we are not receiving any response** from your side within the date, then it will be assumed that you are intend to continue the subscription of existing journals and undersigned may proceed accordingly based on availability of fund.
4. Considering the current trends, it is preferred to subscribe E-journals instead of procuring print journals which is also encourage by UGC. This is also required to provide data for any ranking and accreditation to concern bodies/ agencies like NAAC, NIRF and others. So, HOD may also recommend for the same which will be taken into consideration in place of print journals and based on fund availability.

Hope you will be kind enough to consider this on priority and send response accordingly.
